## **PART 2: GENERAL CONSTRUCTION NOTES**

**OWNER: Carlton**

**PROJECT 2020Carlton**

1. It is the Owners intention to proceed with the dwellings occupied during the entire construction project. Contractor shall coordinate with the Owner in all construction operations to minimize conflict and to facilitate the Owner usage of the dwelling, parking, and access to the building. Working hours are Monday – Saturday 7:30 AM – 5:00 PM unless otherwise agreed to and or modified by the Owner.
2. The Contractor shall perform all work to accommodate to the greatest extent reasonable the normal use of the premises by the Owner and Tenants during the construction period.
3. The selected Contractor must, prior to contract signing, supply the Town and the Owner with proof of insurance for workers compensation insurance and general liability insurance with a broad form contractual endorsement with minimum limits of one million (\$1,000,000.00) dollars per occurrence for bodily injury and five hundred thousand (\$500,000.00) dollars per occurrence for property damage. The Contractor shall indemnify and save and hold harmless the Owner and the Town under these policies, which shall list the Town, its agents and the Owner as additional insured.
4. The Contractor and Owner agree that all services offered by the Town through the Consultant, which may affect the Contractor or Owner, are offered by the Town in order to assist in the project implementation and the necessary program compliance. The Contractor and Owner agree to, upon review and acceptance of such services provided, indemnify, defend, save and hold harmless the Town and Consultant, their officers, agents and employees from whatsoever (including, without limitation, reasonable attorney's fees and other costs and expenses incident to any suit, action or proceeding) incurred or sustained by Town or Consultant which shall arise out of or result from Consultant's performance in good faith of services pursuant to the Professional Services Contract. The Contractor or Owner agree that the Consultant shall not be liable to the Contractor or Owner, or their heirs, successors or assigns, for any act performed within the duties and scope of employment pursuant to the Professional Services Contract.
5. In the event that the Owner is dissatisfied with the work performed although the work has been completed to industry standards and has been approved by the local Town's code enforcement officials and the Rehabilitation Consultant, the Owner's approval will be overridden, full payment will be issued to the contractor and the project will be officially closed.
6. The Owner will supply all necessary power required by the Contractor to complete his work. Power shall be limited to the use of existing outlets and shall not exceed the existing ability of the system. Power required over the ability of the existing electrical system shall be the responsibility of the Contractor. Heating during construction shall be supplied by the Owner.
7. The specifications do not attempt to detail every task and procedure required to perform the work in full. The Contractor shall perform the work as required to complete the work in a professional manner using customary trade practices and standard work practices.

8. The Contractor shall take every precaution to ensure the safety of the occupant(s) during all phases of construction. The Contractor shall to the greatest extent reasonable maintain a least one exit for access. Coordinate restrictions and closures with Owner. The Contractor shall be responsible for protecting the dwelling and contents from weather and or physical damage during construction. The Contractor shall be responsible for any damage caused to the building and or contents caused by lack of said protection to the dwelling or contents until completion of the contract at no additional cost to the Owner.
9. The contractor will be responsible for covering and protecting large furniture unable to be removed from the respective work areas. The Contractor will be responsible for the movement of the owner's furnishings as required to facilitate the proposed work. The Owner is responsible for the movement and safe keeping of valuable personal belongings and small items and furniture in the project area.
10. Plants, shrubs, and lawn areas are to be protected from damage and debris. Repair and/ or replacement of all damage to existing landscaping shall be done at no additional cost to the Owner.
11. The Contractor shall take all necessary measures and precautions to protect the surroundings from damage occurring due to performance of the work. All areas and surfaces of the existing building which are affected by the execution of the new work (removals, demolition, repairs etc.) shall be patched and restored to either match the existing adjacent conditions or to match the new work, whichever is applicable. If such damage occurs it will be repaired by the Contractor at no cost to the Owner. Contractor shall provide all temporary shoring, bracing and other construction (interior and exterior) required to perform the work of this contract.
12. The Contractor shall provide all material, labor, and equipment required to complete the work specified within.
13. The contractor shall obtain all required permits and schedule necessary inspections with the Windsor Building Department and Construction Specialist. Contractor is responsible for any plans, drawings and specifications that the Building Department may require. All rehabilitation, alterations, repairs, or extensions shall be in compliance with all applicable national, state and local codes, HUD requirements or compliance with the latest edition of the International Building Code, which ever applies and is the more strict. All electrical, heating, and plumbing work shall comply with the rules and regulations of the National, State and Local Codes.
14. Contractor shall verify critical dimensions, operations and functions in the field before ordering or fabricating items which must fit adjoining construction. The Contractor shall verify all existing conditions and dimensions prior to the work. Any and all discrepancies shall be reported to the Owner and Consultant prior to ordering any materials or performing the work.
15. The Contractor shall follow manufacturer's instructions for assembly, installation and product adjustment. In the event of conflicting specifications the specifications of the manufacturer shall prevail.
16. The Contractor shall notify the Owner and Consultant, within 24 hours of discovery, in the event unforeseen circumstances. If the work is deemed additional or extra by the Consultant then a change order will be negotiated, executed and authorized by the Contractor, Owner and Consultant prior to the commencement of the work. Any work performed prior to the execution of a change order may not be considered for payment.

17. The selected Contractor shall attend a contract signing and pre-construction meeting as scheduled by the Owner and Consultant. The selected Contractor shall attend periodic job meetings during the course of construction, on site, as required
18. If the Contractor is delayed at any time in the progress of the work by any act or neglect of the Owner or by any employee of the Owner, or by any separate Contractor employed by the Owner, or by changes ordered in the work or by labor disputes, fire, unusual delay in delivery of materials, transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or any cause beyond the Contractor's control, or by delay authorized by the Owner pending arbitration, or by any other cause which justifies the delay, the contract time shall be extended by Change Order for such reasonable time as may be agreed upon by all parties. It shall be the responsibility of the Contractor to request and document in writing such extensions within three (3) calendar days.
19. If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner his obligations under this or the Contract, or if the Contractor shall violate any of the covenants, agreements, or stipulations of the Contract, the Owner shall, thereupon, have the right to terminate the Contract by giving written notice by certified mail to the Contractor of such termination and specifying the effective date of such termination. In such event, all unfinished work required by the Contractor under this Contract shall, at the option of the Owner, be completed or not.
20. In the event that the Contractor does not commence or pursue the work as hereinafter stated, then the Owner shall have the right to terminate the Contract and to hire a successor Contractor to perform the work. Any such termination shall be by certified mail to the address noted in the Contract, and shall be effective as of the date of mailing. Payments by the Owner in the event of termination shall be as follows:
21. The successor Contractor shall first be paid and then the terminated Contractor. Payments to the terminated Contractor shall be limited both as to those funds remaining after payment to the successor Contractor but shall not exceed the value of the work actually performed by the terminated Contractor. Further, should the total cost for work performed under the Contract exceed the amount stated in the Contract due to the Contractor's termination, then the Owner shall have a cause of action against the terminated Contractor for any such additional cost.
22. The Contractor may request a maximum of 1 progress payment as work is completed in accordance with the attached specifications. The request shall be in the form of an itemized bill for that portion of work completed by the Contractor. All requests for payment shall be accompanied by a fully executed Lien Waiver on a form provided by the Town. Final payment is contingent upon the receipt of a signature of the respective inspector for which each permit was issued. The Contractor shall be responsible for obtaining the signatures and presenting them upon final payment. No final payment shall be made until the project has been shown to be free of all liens and restriction and all guarantees from the Contractor and from manufacturers, as they apply to the work, are presented to and accepted by the Owner.
23. **OTHER PROVISIONS – LEAD BASED PAINT**

The Contractor shall be responsible for all details/actions noted in the attached lead report. Any and all rehabilitation work under this Agreement will comply with the requirements of the Federal Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4831) which prohibits the use of lead-based paint in residential structures

constructed or rehabilitated with Federal Assistance in any form. The construction or rehabilitation of residential structures with assistance provided under this contract is subject to the final regulations “Requirements for Notification, Evaluation and Reduction of Lead-Based Paint Hazards in Federally owned Residential Property and Housing Receiving Federal Assistance.” The regulation is at 24 CFR part 35.

#### 24. SUBMITTALS

The following list of submittals is for the convenience of all parties concerned it is not necessarily a complete list of all submittals required.

Submit the following before the start of work:

- a. Copy of building permit.
- b. Material submittals.

Submittals before Certificate of Completion and final payment.

- a. Acceptance of work from local Building Official.
- b. All warranty and guarantee information.
- c. Signed and notarized lien waivers from first tier subcontractors and suppliers.
- d. Lead clearance test results if required.

## **PART 3: SCOPE OF WORK**

Carlton Residence  
1037 North Worthy Street  
Windsor, CT 06095  
Project #: Carlton2020  
9/22/20

### **Please Note:**

The following information is to be used in conjunction with specifications, project archived photos and pre-bid site walk.

### **General:**

The following is an outline of the Scope of Work. This Scope of Work includes all labor and materials required to perform the construction work as described below. The contractor is responsible for obtaining permits; providing complete, thorough, and compliant services to all work; and for coordinating as appropriate with the work of all other trades specified elsewhere. All work must be performed in compliance with all applicable National, State, and Local Codes.

### **Lead:**

This project is funded by the Department of Housing and Urban Development (HUD) and requires the use of lead safe work practices under 24 CFR Part 35 (Lead Based Paint Poisoning Prevention and Control in Certain Residential Structures). A Lead Inspection and Risk Assessment were performed on September 1 & 23, 2020 at this property by EnviroPlan **LLC. Lead hazards were found.** The contractor is responsible for all work specified in the attached report. A Lead Based Paint Clearance Inspection will be required at the conclusion of this project.

### **1) Wall Repair (2 locations) in conjunction with siding repair**

**Two areas in the home have weakened exterior walls possibly due to water infiltration. The extent of the damage could not be entirely determined during the inspection. As a result of the unknown extent of the repair I am asking for an estimate for material and labor costs to replace framing as needed. Pictures of repairs will be required.**

#### **A. A Façade living room wall**

- i. Remove interior and exterior drywall and siding as needed to determine extent of repair.
  - a. Remove drywall from living room A/D corner to dining room entry (A wall) including all door/window trim and base.
  - b. Reframe/sheath section of deteriorated wall.
  - c. Include reframing for new window installation.
  - d. Reinsulate removed section of insulation.
  - e. Install new drywall and tape finish in preparation for paint.
  - f. A wall- Install new base door and window trim.
  - g. Refit/Reinstall Radiator, trim as needed.

#### **B. C Façade Kitchen Wall**

- i. Remove siding as needed to determine extent of repair.
  1. Reframe/Sheath section of deteriorated wall.
  2. Include reframing for new window installation.

3. Reinsulate removed section of insulation.
4. Repair interior drywall as needed resulting from reframing.

## 2) Window Replacement-

- A. Install homeowner supplied twin DH window.
  - i. Located at A Façade (LR Window)
    - a) Verify size
    - b) Install insulation in cavities and caulk all edges
    - c) Refer to specifications for additional information
    - d) All work to be performed to code requirements
- B. Install new DH window.
  - i. Located at C Façade (Kitchen Window)
    - b) Verify size
    - c) Paint or stain new or disturbed work
    - d) Install insulation in cavities and caulk all edges
    - e) All windows to be manufactured by Mercury Excelum (with energy star glazing package) or an approved equal.
    - f) Unit to be white
    - g) All operable units to include full standard fiberglass mesh screens
    - h) Refer to specifications for additional information
    - i) All work to be performed to code requirements

## 3) Exterior Vinyl Siding - Division 7

- A. Provide and install vinyl siding and white aluminum coil stock on all doors, windows, soffit and fascia including front porch and rear deck ceilings.
  - a) Located on "A-D" facades,
  - b) Remove existing siding and aluminum trim
  - c) Replace rotten or degraded wood prior to installing new finishes (sheathing allowance \$65.00 and sheet)
  - d) Provide photos of sub framing before installing new sheathing, trim, jamb or sills and send to Housing Rehab specialist
  - e) Install vapor barrier on exterior walls per manufacturer
  - f) Install ½" rigid insulation over vapor barrier
- B. Install new vinyl siding; Certainteed Monogram 46-double 4" or equal
  - a) Provide all necessary trims and starting strips including but not limited to; corner boards, J-channels, F-channels and mounting blocks
  - b) Verify all window and door head flashing, provide if inadequate or missing prior to siding installation
  - c) Re-install all low voltage wiring
  - d) Colors to be chosen by owner from manufacturers standard colors
  - e) Refer to specifications for additional information
  - f) All work to be performed to code requirements
  - g)

#### **4) Roofing –Division 7**

- A. Remove existing roofing up to two layers, gutter & leaders on home/garage and dispose of properly .
  - a) Replace degraded sheathing (\$80.00 allowance per sheet allowance)
  - b) Photograph any rot damage to sheathing and then any replaced sheets and send to Housing Rehab Specialist before roofing
  - c) Provide and install first two courses with Ice and Water Membrane per GAF requirements (low sloped roofs between 2.12 and 4.12 pitch to be entirely covered with Ice and Water Membrane
  - d) Install new lifetime architectural asphalt shingles manufactured by GAF on pitch greater than 2.12 and GAF Liberty SBS self-adhering cold applied asphalt roofing on low slope roofs less than 2.12 pitch
  - e) Provide and install aluminum “drip” and “rake” edge flashing
  - f) Replace all vents
  - g) Color to be chosen by owner from manufacturers standard pipe and ventilation flashing systems, including but not limited to waste vents, bathroom, range and dryer ventilation
  - h) Install new continuous ridge vent per GAF requirements
  - i) Verify soffit ventilation, install vents as needed
  - j) All work to be performed per building code requirements
  - k) Refer to specifications for all work
  
- B. Masonry Chimney Flashing
  - a) Replace existing chimney counter flashing
  - b) Remove Tar and Scarify existing brick masonry
  - c) Install reglet joints and use masonry caulk at joint
  - d) All work to be performed per building code requirements
  - e) Refer to specifications for all work

#### **5) Gutters- Division 7**

- A. Remove and Install new aluminum ogee style seamless gutters and 2 x3 leaders
  - a) Located on the “A-D” facades
  - b) Utilize appropriate hangers
  - c) Install new downspouts accordingly, connect to existing drainage inverts or provide elbows and splash blocks
  - d) Color to be chosen by owner

#### **6) Smoke and Carbon Monoxide Detectors – Division 21**

- A. Provide and install new combination smoke detectors
  - a. Located at second floor hallway (1)
  - b. Located at Main Hallway
  - c. Located at Basement stairs.
- B. Provide and install smoke detectors, one in each bedroom (3)
  - a) All detectors to be battery operated
  - b) All work to be performed per building code requirements
  - c) Refer to specifications for all work

**7) Painting**

- A. Paint all newly installed drywall.
  - a) One coat primer, two coats finish
  - b) Colors to be chosen by homeowner, match if desired.
  - c) Paint all newly installed casing and base
  - d) One coat primer, two coats finish

**8) Rear Porch (Alternate 1)**

- A. Remove and replace deteriorated interior wall finishing.
  - a) Replace with Eucatex Beaded White Wall Panel
  - b) Model # 2962727
- B. Install floor sheet vinyl
  - a) Homeowner to select style pattern
  - b) \$3.00 allowance for material only
  - c) Trim with ¾ quarter round molding.
- C. Homeowner will prep and paint all refinished areas.

**9) Basement Cabinet Doors Removal-Leaded**

- A. Refer to attached abatement plan for scope.

**Scope review and approval;**

I \_\_\_\_\_ the owner, reside at 1037 North Worthy Street, Windsor CT 06095 and have reviewed the scope of work and agree to the items listed.

Dated \_\_\_\_\_

**Cost Estimate**

I understand and agree to the estimated cost for housing rehabilitation work at my residence at the following address:

**1037 North Worthy Street**

**Windsor CT, 06095**

Total Estimated Cost: **\$ 31,500.00**

***THIRTY ONE THOUSAND FIVE HUNDRED DOLLARS AND ZERO CENTS***

**PART 4: BID PROPOSAL FORM**

September 22, 2020

Project # 2020Carlton

Bid #

Project Address: 1037 North Worthy Street  
Windsor, CT 06095

Prospective Bidders:

The undersigned agrees, declares and represents the following:

- 1) The bidder has carefully examined the Bidding Documents. The bidder has personally and carefully examined the Site of Work as well as adjacent areas and has sought other usual sources of information regarding site conditions, together with the local sources of supply. The bidder understands the requirements as to the quantities, submitted project schedule and conditions relating to and affecting the performance of the Work and hereby waives any and all rights to claim any misunderstanding regarding the same.
- 2) The bidder is to perform and complete the work required by and in conformity with the Bidding Documents and that the bidder is to receive and accept in full compensation for the performance and completion of the Work, the amount of its lump sum bid set forth in section A, and as further adjusted in accordance with the unit prices, if any, listed in section B and section C.
- 3) The contract will be awarded to the bidder submitting the lowest bid who is qualified to perform the work and in the opinion of the Town of Windsor Economic Development Office and Signal Rock Consulting is responsible and responsive. The Town of Windsor Economic Development Office and Signal Rock Consulting reserve the right to reject any proposal if the alternates set forth in Section B are not fair and reasonable prices for the items of Work and to reject any proposal or all proposals.
- 4) If written Notice of Award of The Contract is delivered to the bidder within seven (7) days after the date of opening of proposals, the bidder will execute the Agreement contained in the Bidding Documents and deliver the same together with the required Certificates of Workers Compensation, proof of Liability Insurance and Lead safe work certification.
- 5) Contractor is responsible for all permit fees, labor, material, and taxes related to the work listed herein. All work must be performed in compliance with all applicable National, State and local Codes, and must be coordinated with the work of all other trades specified elsewhere. The contractor is responsible to provide complete, thorough and code compliant services to all work.
- 6) The Contractor shall comply with all federal, state and local laws in the performance of the Contract;
- 7) The contractor shall submit a tentative project schedule consistent with the one set forth in section G. At Notice of Contract Award, the Contractor shall submit and be accountable for a revised project schedule. This revised schedule shall be submitted at the pre-construction meeting post contract execution.
- 8) In addition, with the other terms of the Contract, the Contractor shall comply with the provisions of Connecticut General Statutes Section 20-418 et seq.

Small Cities Housing Rehab Program Right of Rescission Cancellation Notice

Dear Contractor,

Under the regulations of the Small Cities Housing Rehab Program, I, as Owner, have a right to cancel the contract I have signed with you for work to be done on my home under the provisions of the Small Cities Program.

I must so cancel within 3 business days between the date I receive Attachment A as part of a fully executed contract and today's date not counting either of those two dates.

I understand that after \_\_\_\_\_, 11:59 pm, I will no longer be able to cancel without penalty.

In signing this cancellation notice and sending it to you, I am exercising my right to cancel. Please note: this is a notice to NOT PROCEED.

Signed: \_\_\_\_\_ Signed: \_\_\_\_\_

## OWNERS' LETTER REGARDING NOTICE TO PROCEED

Small Cities Housing Rehabilitation Program  
c/o Signal Rock Consulting  
57 Willow Street  
Milford, CT 06460

Dear Mr. Foley,

Please be advised that I have received two copies of the notice entitled Attachment A (cancellation notice); that at least three business days have passed between the date I received that notice and today's date not counting either of those two dates; that the rescission period specified in that notice has passed and that I have not exercised my right to rescind the transaction referred to in that notice.

Please issue \_\_\_\_\_(my contractor) a Notice to Proceed with the work described in our contract dated \_\_\_\_\_.

Sincerely,

---
